Tom,

REI wants to pick your brain about AS/SVE for a call we have set up on July 20. I think they want to talk about your willingness to help with design review, if the project goes in that direction. We could also use some leads on where to scrounge equipment if you have any.

Hope you had a good trip wherever you went!

Bob, I had an opportunity to discuss bringing Tom Kady into next week's call with Chris Saari and he was all for it. Could you reach out to Tom and see if he is still interested in participating? If he would like to discuss any specifics with me, have him call me on my cell.

Thank you,
